20 years ago, right-wing conservative Tim Eyman led the passage of Initiative 200 (I-200), the most discriminatory measure passed in state history. Since I-200's passage:

- **African-American, Asian Pacific Islander, Hispanic & Native American state college enrollment has declined;**
- **African-American, Asian Pacific Islander, Hispanic & Native American unemployment has more than doubled the state jobless rate;**
- **Women and Minority owned businesses have lost \$3.5 billion in job-generating state contracts;**

20 YEARS IS ENOUGH...PASS I-1000...NOW!
