Bidding Opportunities

Pierce College STEM | Puyallup Campus

Project Summary:

The 54,500 square foot program includes 8 teaching labs, a fabrication lab with supporting design and collaboration spaces, 9 classrooms, a double classroom, 30 faculty offices, informal learning and study space, and numerous support spaces for students and faculty aimed at collaboration and safety. The project will also include a 100-stall parking addition to accommodate part of the parking required for the new building.

- This a Prevailing wage Project
- Our intent is to award off of this permit set, with any changes in the IFC set to be addressed via change order.
